OVERVIEW OF OUR STRATEGY DEVELOPMENT

BAHRAIN ASSOCIATION OF BANKS
VISION 2016+

THREE KEY FOCUS AREAS

01

REGULATORY LOBBYING FUNCTION

- Regulatory lobbying will consolidate a dominant view across the impacted members across the industry
- BAB to create issue specific task forces with member banks that drive ownership of the issue or regulatory consultation
- The task force can source thought leadership to develop its position

02

RESEARCH FUNCTION

- Quality research will qualify, validate and support regulatory lobbying
- Research activity to drive thought leadership emerging from BAB
- Providing research that is relevant to the Bahraini financial services sector and Bahraini industry bodies
- Research linked to Association's information seminars on hot topics

03

LEARNING AND DEVELOPMENT

- Skills development through conferences that focuses on providing coverage of key areas not covered by current providers
- Learning should be facilitated by seasoned financial industry professionals i.e. BAB members with practical know-how or third parties with subject matter expertise
- BAB should be in the business of professional development rather than training execution
